**RE: It's Time for Rep. Steve Pearce to Walk the Walk on Immigration Reform**

---

“I think a comprehensive approach [to immigration reform] is long overdue...And I'm confident that the President, myself, and others can find the common ground to take care of this issue once and for all,” Speaker Boehner [said](#) in 2012. We – and the majority of Americans – couldn't agree with the Speaker more but, to date, he and the Republican leadership have not lived up to their words. But it's not too late.

Recently, House Democrats launched a #DemandAVote discharge petition to bring H.R. 15, a bipartisan immigration reform bill, to the floor for a vote. We know we have the votes to pass immigration reform in the House: 200 Members, including 3 Republicans cosponsored H.R. 15, and another 30 Republicans, including Rep. Pearce, have come out in favor of reform.

"I am proud to work across party lines to allow justice for wrongfully separated families... I have long said that we should never split up families...Immigration is an important issue that is central to the future of our country. I am hopeful that the small step we take today will be the start of further cooperation between our two parties in Washington, and that we can tackle greater challenges of immigration reform together in the near future." – [Rep. Steve Pearce](#)

Steve Pearce has expressed support immigration reform in the past. Now we need him to join us to finish the job.

The more than [85,000](#) people living in the shadows – unable to fully contribute to this great state and our nation – deserve better than Congressional inaction. Failure is not just an affront to our values as a nation of immigrants, it also costs the state economy of New Mexico to the tune of [\\$201 million](#) in additional tax revenues and [600 new jobs annually](#).

Americans across the country are overwhelmingly calling for action on immigration reform. According to a public opinion poll, [79 percent of voters surveyed nationwide said they support comprehensive immigration reform](#). Newspaper [editorials](#) nationwide are fed up with the stalling and the excuses. Over [600 businesses](#), including the [Chamber of Commerce](#), and [religious leaders](#) have called for immediate action. And most recently, [agriculture groups](#) have grown frustrated with House GOP's failure to act on reform.

H.R. 15 will secure our borders, unite our families, protect our workers, provide an earned pathway to citizenship, and [reduce the deficit by nearly \\$1 trillion](#).

The time to act is now. The votes are there and the means to bring immediate action – *the discharge petition* – exists. It just needs Steve Pearce's support. We are counting on Rep. Pearce to be courageous, take action, and live up to his promise.

**It has been more than 275 days since the Senate passed its bipartisan immigration reform. Now is the time for Rep. Steve Pearce to sign the discharge petition and demonstrate to the American people and the thousands living in New Mexico that he wants to see the House of Representatives do the same. It is time to fix our broken immigration system and restore our American values.**
